SLAV MINISTERS FIRM IN STAND WITH THE ALLIES

**Provisional Government To
Resign Rather Than
Modify Note.**

**SUCH STEP WOULD MENACE
THE SAFETY OF THE NATION**

**Furious Battle Still Rages
in Vicinity of Arras.
Craonne Captured.**

(ASSOCIATED PRESS TELEGRAM)
Petrograd, May 5, via London.—The Council of Workmen's and Soldiers' delegates have passed a vote of confidence in the government by a majority of 35. The number of delegates voting was 2,500.

(ASSOCIATED PRESS TELEGRAM)
Petrograd, via London, May 5.—The provisional government, through Premier Lvoff, has declined to modify the note sent to the allies. The government declares that the ministers are prepared to resign their posts if necessary.

Premier Lvoff said:
"It is impossible to send another note. The temporary government will comply with its duty and leave its post rather than take such a step, which would menace the country with very serious consequences. The government understands fully the responsibility it has assumed in behalf of the country and in view of this responsibility is ready to resign if it becomes necessary."

Foreign Secretary Milukoff, confirming the stand taken by Premier Lvoff, said:
"The note expresses the view of the temporary government. It has no other aim. The recent note repeats and develops the idea expressed in the first note, which was worked out in conjunction with the council of deputies. If we compare the notes it is clear that the information they contain constitutes a step forward. The events of yesterday will make the allies very sad while pleasing our enemies."

In regard to the suggestion of a new note M. Milukoff said that such a step was quite impossible. "Such conduct," he continued, "toward a foreign government cannot be permitted. If we should attempt to follow a route which in my conviction is impracticable, we would only be repudiated."

The minister made an allusion to a secret telegram which has been received from the allies. It is significant that the ambassadors of England, France and Italy have called upon the foreign secretary. M. Milukoff concluded his statement by saying:

"Respecting our military needs and means of continuing the war, we are dependent to a great extent upon the allies, especially upon America. It will be an everlasting blot on our history if there should be a possibility of concluding a separate peace. But the council itself has declared against a separate peace."

M. Tchekide, president of the council, repeated previous declarations that the imperialist attitude of the government was unacceptable. He said:

"Neither the soldiers nor the workmen are for war. If the government does not mean to heed our watchword of peace without contributions it will have to make itself clear."

M. Tchekide called attention to the fact that there was no interior disorder and that the only trouble was in respect to Russia's foreign policy.

BATTLE STILL RAGING.

(ASSOCIATED PRESS TELEGRAM)
New York, May 5.—While the greatest battle in history continues to rage in bloody fury in Northern France, the bloody of Russia has presented a new phase with a menacing counter-revolution of staggering possibilities. For the moment the provisional government has the upper hand but the voice of the Radicals grows louder and more threatening. (Continued on Page 2, Col. 2.)

**MILITIA MEMBERS GO TO
TRAINING CAMP MAY 20**

(ASSOCIATED PRESS TELEGRAM)
Washington, May 5.—Enlisted men of the National Guard who are to attend officers training camps will not be ordered to camp before May 20. Delay in designating men has caused the postponement which allows regimental commanders to make better selections in picking out 25 enlisted guardsmen who will be sent from each regiment.

The camps will not be open to officers of the National Guard as the secretary of war has ruled they are needed with the regiments. This does not apply, however, to such National Guard officers as may be assigned as instructors.

Senator Bennett argues that the most capable non-commissioned officers of the guard be among those selected to attend the camps.

DIE ON THE SAME DAY.

Millersburg, May 5.—Newtown H. Low, aged 75, and his daughter-in-law, Mrs. Walter Low, both died yesterday. Mr. Low was a civil war veteran.

Why Join the Red Cross?

Telephone No. 1870, Red Cross Headquarters, in the Arcade, rang this morning and a tearful voice came over the line saying: "My husband has signed one of the Red Cross cards and I want to have his membership withdrawn because I don't want him to go into the army!"

One of the Red Cross solicitors told the writer today that a well known business man had declined to become a Red Cross member because he thought it might mean that he would be sent to France to fight in the trenches!

The fact is Red Cross membership carries with it no obligation whatever except the payment of the fee which is used for the relief of suffering humanity. The Red Cross, the great humanitarian organization of the world, is the one organization that gives relief to wounded in battle without regard to race or condition. The organization knows neither religion, politics nor creed. It is non-sectarian, non-political. It stands for Humanity, for the relief of suffering, that's all.

Many of the Protestant ministers have spoken in their churches in favor of the Red Cross and Rev. B. M. O'Boylan announces that he will speak in behalf of the Red Cross on Sunday and will encourage all to become members.

Over 500 men at the Wahle plant have joined the Red Cross and among those most eager to become members were the foreign born—men who know what great work the Red Cross has done on the field of battle. Yesterday and today the membership blanks were signed by the hundreds at the American Bottle plant.

By signing a Red Cross membership card you pledge yourself to just one thing and nothing more. You pledge yourself for a given amount, \$1 or more, for relief work. That is all there is to it. Don't let anybody tell you it means field service or foreign service or anything else. That's nonsense. If you favor relief for wounded soldiers, if you believe in helping humanity you ought to join the Red Cross and do it now when the Newark membership campaign is on. Newark ought to have 5,000 Red Cross members.

NAVY BOARD CLAIMS SUBMARINE PROBLEM IS FINALLY SOLVED

(ASSOCIATED PRESS TELEGRAM)
New York, May 5.—W. L. Saunders, chairman of the Naval Consulting Board, announced here today that the board had forwarded to Washington plans for dealing with the submarine problem which, it was believed, had solved the problem successfully.

Mr. Saunders who has been chairman of the naval consulting board about two months, supplemented his announcement by saying that while the submarine problem cannot be considered in reality to have been solved until the U-boats have been destroyed, nevertheless numerous experiments had been made along the Atlantic coast with highly encouraging results which led the board to feel confident that a successful solution had been reached.

"It looks as though the submarine problem has been solved," Mr. Saunders said, "not only in theory, but on the strength of practical tests on the Atlantic coast."

Mr. Saunders added that 500 inventions for U-boat suppression had been submitted for consideration of the board and experiments with many of them justified, he believed, the assertion that a plan had been found by which the submarine peril could be eliminated.

Mr. Saunders was unwilling to go into further details of the board's experiments.

BALFOUR GIVEN GREAT OVATION IN THE HOUSE

(ASSOCIATED PRESS TELEGRAM)
Washington, May 5.—"The menace of militarism increases," declared British Foreign Minister Balfour in an address before the lower House of Congress today. "We free peoples of western civilization are banded together to fight this menace. In this cause we will surely conquer."

Just before Mr. Balfour began to speak, President Wilson slipped into a House gallery unnoticed. He had been in the gallery five minutes before he was discovered and the members stood up and cheered.

The British foreign minister, coming in a few minutes after this demonstration, apparently did not know that President Wilson was one of his most interested listeners, and when he ended his speech he went to the wall of the House where members began passing by to shake his hand.

President Wilson came down from the gallery and joined the line. As he appeared on the floor he was cheered again and took a place just ahead of Representative Jeanette Rankin.

President Wilson chatted a moment with Mr. Balfour and then shook hands with Speaker Clark. Another receiving line formed quickly and the President greeted many members of the House.

Justices of the supreme court, headed by Chief Justice White, occupied chairs on the floor. In the diplomatic gallery were American, British and French diplomats.

Mr. Balfour and his party were escorted into the chamber amid hand-clapping and cheers.

Mr. Balfour was immediately introduced by Speaker Clark and addressed the House.

President Wilson was among those who applauded loudest as Mr. Balfour began speaking. He removed his gloves and entered into the clapping with vigor.

Mr. Balfour spoke as follows:
"Will you permit me on behalf of my friends and myself, to offer my deepest and sincere thanks for the rare and valued honor which you have done us by receiving us here today. We all feel the greatness of this honor but I think none of us can it come so closely as to one who like myself has been for forty-three years in the service of a free assembly like your own."

"But there is something after all even deeper and more significant in the circumstances under which I now have the honor to address you, than any which arise out of the interchange of courtesies, however, (Continued on Page 7, Col. 2.)

**TICKET SCANDAL
AT MEETING FOR
FRENCH GUESTS**

(ASSOCIATED PRESS TELEGRAM)
Chicago, May 5.—Reports that tickets of admission to the Auditorium mass meeting in honor of General Joffre and Premier Viviani last night were hawked in the street in front of the theatre by scalpers and speculators were being investigated today. The meeting was for the public, but thousands of persons who had not been able to obtain tickets stood outside the theatre in the hope of gaining admission.

Meanwhile, it was reported, speculators circled through the crowd offering tickets at prices ranging from \$15 to \$60 a pair, while agencies in the downtown district quoted them in pairs at from \$50 to \$60 and offered boxes of six seats at \$100.

A strenuous day, marked with a military air was ahead of the distinguished visitors today. Following a motor trip over the boulevards and a visit to the art institute, a military parade was arranged in honor of the guests. Every national guard unit in Chicago, a contingent of blue jackets from the United States Naval Station at Great Lakes, Ill., cadets from the high schools, the University of Chicago and Northwestern University were ordered to participate.

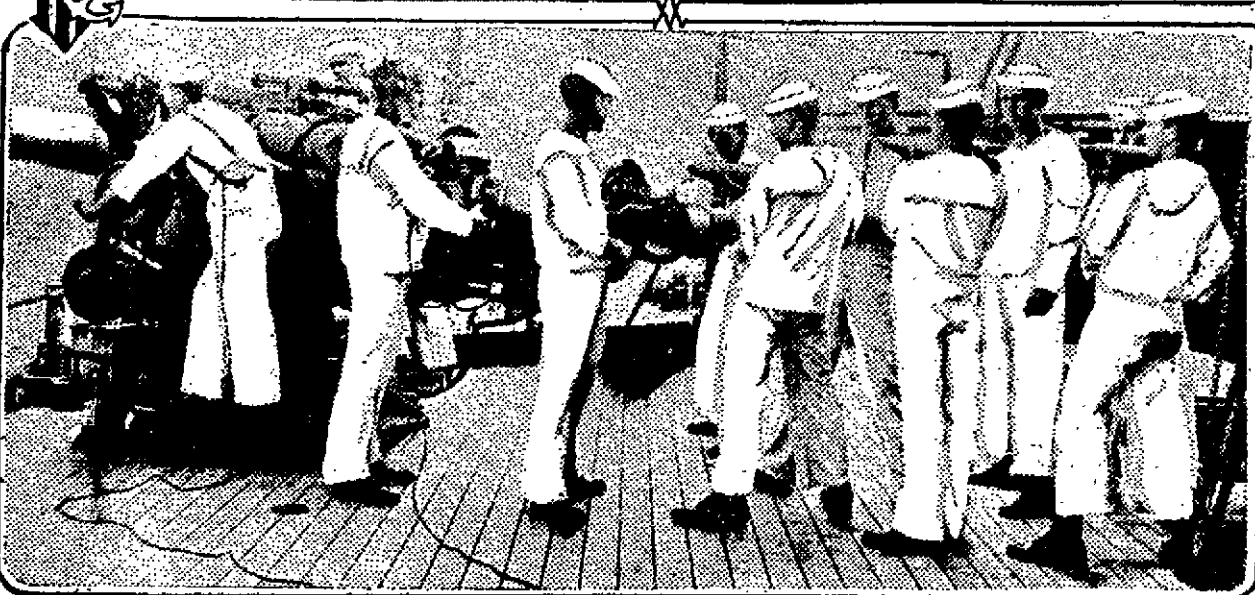

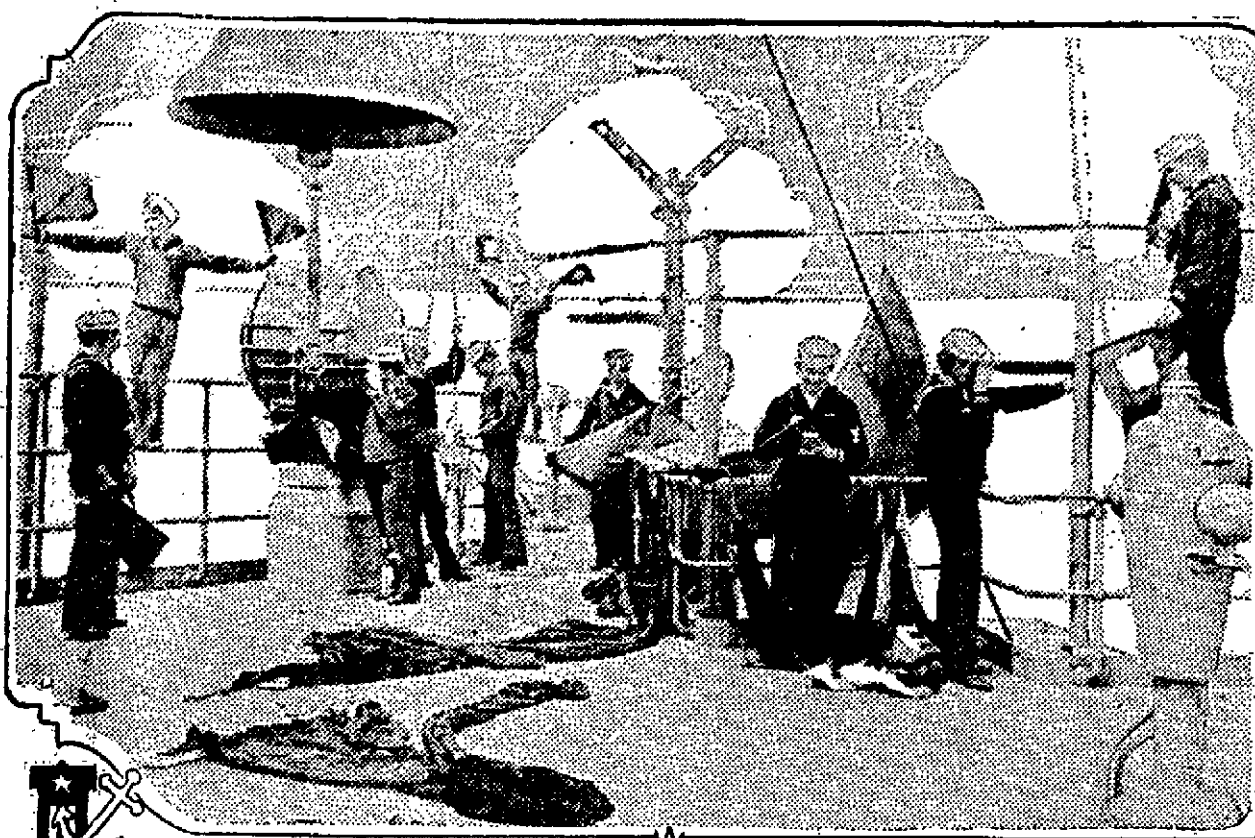

A reception and a luncheon at the University of Chicago is to be followed by an afternoon mass meeting at the stock yards, where delegations of foreign-born citizens of the country in the costumes of their native lands are to welcome the commission. The mission will leave tonight for Kansas City.

A barber at the Chicago Club, today is telling a story to illustrate the democracy of Marshal Joffre, the hero of the Marne. Two men were waiting their turn to be shaved when the door to the shop swung open and the smiling face beneath the marshal's cap appeared. The barbers and the men who were waiting begged the great Frenchman to climb into a chair.

"But," said the barber, "do you think he'd move in out of his turn? Not he! He just sat down and insisted on waiting until he was next."

JURY VISIT SCENE.
(ASSOCIATED PRESS TELEGRAM)
Christiansburg, Va., May 5.—The jury trying Charles E. Vawter for the murder of Stockton Heih Jr., planned to go to Blacksburg, Va., today to inspect the Vawter home, where Heih was shot to death March 13. It is believed that the case will be in the hands of the jury Monday.

Instructions in signalling (above) and submarine drill.

Those who are permitted aboard Uncle Sam's fighting ships these days witness scenes of great activity. There are many new men coming aboard who are in need of constant training, while the old men regularly go through their drills. JOHNSTOWN MEN KILLED IN AUTO ON R. R. CROSSING

Columbus, May 5.—Two men were killed, one of them instantly, while two others escaped unhurt, when a Pennsylvania passenger train crashed into the rear of an automobile in which the four were riding, at the crossing of the railroad and the Reynoldsburg-Black Lick Road, near Black Lick, about 11 o'clock last night.

The dead are: Renzo Edwards, aged 40, farmer, Johnstown, Licking county.

Howard Edwards, aged 30, farmer, Johnstown.

The dead men were cousins. The men who escaped are Burton Edwards, aged 38, Sunbury, Delaware county, and Frank Edwards, aged 28, Centerburg, Knox county. They are brothers of Howard Edwards.

The four were in Columbus yesterday afternoon on business and remained to see the Amburst fire.

According to Burton Edwards, driver of the machine, the train did not signal before it reached the crossing. The road at this point is down grade and in a cut about eight or ten feet deep. The machine was practically across the track when struck by the pilot of the engine. The rear end of the auto was torn off.

Renzo Edwards died, as the result of a fractured skull, almost instantly. His cousin's neck was broken, but he did not die until he had been placed on the train and was on his way to a Columbus hospital.

Coroner Hershkowitz and an ambulance went to the scene, but the men had been brought to Columbus before they arrived. The dead men were taken to the Shaw morgue, North High street.

Renzo Edwards is survived by his widow, his parents, one son and four daughters. Howard Edwards is survived by his widow and his mother.

COLUMBUS HAS BAD DOWN TOWN BLAZE; LOSS IS \$300,000

Columbus, May 5.—Fire of unknown origin at 6 o'clock last night caused \$300,000 damage to the building and contents at the Armbruster department store near High and Long streets. All fire apparatus in the city fought the blaze for two hours. Eight firemen suffered slight injuries and many occupants of the building had narrow escapes. One woman who had been locked in her apartments by her husband, was rescued by young men who dashed through the building arousing the occupants. A. H. Paul, bookkeeper, who was at work in the Armbruster store when the fire started, was overcome by smoke and carried from the building.

The approval of the new national army bill and the President's proclamation thereunder will be coincident. All persons within the age limits prescribed will be required to present themselves for registration

RIGHT START IN LIFE IS IMPORTANT EVANGELIST TELLS YOUNG FOLKS

SAWDUST SUGGESTIONS.
"We need to be popular with Jesus Christ."
"A good father and mother are worth more than ten million of dollars poured in your lap."
"Some people are educated fools."
"Some people's last chances are in this campaign."
"If an angel came down to Newark he'd have to knock the silt off of his wings before he could get back into Heaven."
"There are very few people who could be trusted with God's angels."
"We've got to face the thing seriously."

To the music of the High school orchestra, and with waving pennants, the student body of Newark High School, 400 strong marched and counter-marched up and down the aisles of the big tabernacle. The High School boys and girls were regular storage batteries of energy and they certainly let themselves loose. It is doubtful if any equally large tribe of Comanches could have produced an equal volume of noise.

Cheer after cheer was given, led by cheer-leader George Stuckey, whose motions stamped him as a first-class acrobat. A few of the spicy brand of yells which N. H. S. can produce are as follows:
Yea Newark! Yea Newark!
N-E-W-A-R-K Newark!
Newark High.
Newark High-Rah, Newark High-Rah!
Hoorah! Hoorah! Newark High-Rah!
Horn and Hoof!
Horn and Hoof! Horn and Hoof!
Hold the floor and raise the roof!
Razzle-dazzle; zizzle-zip!
Go'er Newark! Let'er rip!

The pulpit was decorated with N. H. S. banners and the High school orchestra under the able direction of Mr. Klopp rendered a musical program. Donald Cross rendered a solo in a very pleasing manner. Dr. Bromley expressed himself as delighted to meet again the High school students and after a stirring prayer by Professor Moninger, of the High school, proceeded to give them the very best he had in stock.

The importance of getting the right kind of a start in life was Dr. Bromley's principal thought. He declared that the great mistakes are generally made by young people and that unfortunately the foundations for crime are laid in childhood. Thomas Edison and Alexander Graham Bell were given as examples of men who had gotten the right kind of a start.

WAR DEPARTMENT OUTLINES PLAN TO LIST MEN FOR MILITARY DUTY

Washington, May 5.—An official outline of the method by which military registration is to be carried out under the selective conscription bill, was made public today, with an appeal from the war department for the voluntary services of state election and other officials in order that there will be no delay in enrolling and classifying millions of men for army duty. Careful preparation has been made to place the whole task in the hands of civilian officials of the states and to remove every suggestion of military force in putting the measure into effect. The only function of the Federal government will be supervision through the office of the Provost Marshal General. The Department's statement follows:

There was a time in the country's history when military enumerations, backed by bayonets, went out among the people to take a compulsory service census. Today under the principle of universal liability to service the execution of the law is put into the hands of the people.

The approval of the new national army bill and the President's proclamation thereunder will be coincident. All persons within the age limits prescribed will be required to present themselves for registration

at the customary voting places in the voting precincts in which they have their permanent homes, on a day which the President will announce. The probability is, that from ten to fifteen days will elapse between approval of the bill and registration day.

The governor of each state will be the chief of registration therein. The machinery of registration in each county is to be in charge of the sheriff, the county clerk, and the county physician, acting ex-officio, unless a different board shall be announced by the governor. In cities containing populations of more than 20,000, the registration will be under the control of the mayor and selected boards of registration. In order that the designated county and city officials, and the people generally, can get a clear understanding of the census methods the following brief outline is given.

The sheriffs or other designated officials, immediately upon receiving notice from the governor, shall appoint registrars for each voting precinct.

The Apportionment of Registrars. The proportion of registrars shall be one for each 170 persons to be registered. Each age to be registered. (Continued on Page 2, Col. 3.)

COUNTY BOARDS REGISTER MEN UNDER NEW LAW

**Governor Cox Will Proclaim

**WILL REGISTER AT VOTING
PLACES IN EACH COUNTY**

**County Judges Will Name
Boards To Select
Men To Serve.**

(ASSOCIATED PRESS TELEGRAM)
Washington, May 5.—Conferees on the war army selective draft bill again today sought to iron out differences between the House and Senate. Work on the measure was postponed from yesterday because of the necessity of conferees responding to frequent roll calls in both houses on espionage bills.

The chief point of difference is over the age limit, the Senate fixing it at 21 to 27 and the House, 21 to 40.

The conferees hoped to reach an agreement today in order that the bill may be laid before President Wilson for his approval the first of the week.

(ASSOCIATED PRESS TELEGRAM)
Columbus, May 5.—Governor Cox today announced his plan for conscription in Ohio. It will differ slightly from the government plan in operation of state machinery, this difference being authorized.

In his statement, he urged that the term "call to the colors" instead of "conscription" be used, and announced that he will issue a proclamation making the day a holiday, calling for suspension of business and closing of schools, and stating that citizens generally "accompany the young heroes of military age to the places of registration as a mark of affection the community bears for those who are responding to their country's call."

The government's general plan of conscription which will be followed, requires three distinct operations: First, the census - or registration; second, the draft or selection of men from those registering; third, the medical examination.

Registration will be entirely in the hands of county boards of election. Regular election precincts will be open.

In carrying out the second and third stages, the governor's plan is to request common pleas judges to recommend two men of opposite politics and of conspicuous standing as members of the county board. To this board will be added a third member who will be recommended by the head of the medical division.

There are ten such medical divisions, organization of which was worked out with the governor Friday in conference with ten members of the advisory board of the State Medical Association.

Every man in the specified age for conscription must register. Persons coming from home must mail registration cards and those too sick to register must send competent persons to the board for registration instructions. Each age to be registered will comprise about one per cent of the population, for instance, all men between 19 and 25 years of age, inclusive, will enroll about seven per cent of the precinct population.

After registration, cards will be turned over to the board for draft or selection. They will check to find the men not eligible, discarding their cards. Cards will be drawn from a wheel of box until a few more than the number required from each county is secured. The medical examination of those selected then will be conducted. It was announced that the regular war medical examination will not be enforced, only those with major defects being excused.

ANTHRACITE PRICES ARE TOO HIGH SAYS REPORT

(ASSOCIATED PRESS TELEGRAM)
Washington, May 5.—Prevailing retail prices of anthracite coal are unwarranted and the supply for next season is adequate, the Federal Trade Commission stated today in a preliminary report based on a partly completed investigation ordered by Congress last winter. The commission warns consumers against buying larger quantities of coal than usual this summer saying there are symptoms now of such a buying panic as that which enabled speculators last winter to force prices above normal. No good reason exists, says the report, why May prices should not be subject to the usual summer discount, but "if the public is again so deceived as to indulge in a scramble for coal, the favorable situation may be nullified."

The commission is keeping in close touch with the anthracite situation and promises to "expose any unscrupulous wholesaler, jobber or retailer who seeks to mislead the public into a belief that exorbitant prices are justifiable, or that there is any necessity to join in a frenzied bidding to secure immediate delivery for far future needs." Wage increases amount to about 30 cents a ton, the report says.

every day, demanding concessions which would make the existence of an organization impossible.

The wild currents of intrigue and dissatisfaction which are in evidence in Petrograd are the more confusing as the opponents of the revolutionary government offer no coherent program and seem to have no common aim. The capital is boisterously vocal but back of it the vastness of Russia lies silent with not a hint to tell of what the masses of the people are thinking or doing. An indication of the German view of the situation is given by a report that the best German troops have been withdrawn from the eastern front, their places being taken by Landwehr and Landwehr divisions.

As far as news dispatches indicate the Russian insurgents in Petrograd are basing their attack on the May Day note sent to the allies by Foreign Secretary Miliukoff, reaffirming Russia's determination to fulfill her obligations to the entente and vigorously prosecute the war against Germany. The provisional government has energetically supported this position and the ministers declare they will resign rather than modify the stand taken by M. Miliukoff.

On the battle front in France there is no sign as yet of a decisive issue to the tremendous battle which is raging day and night along a hundred mile front. The French have battered their way a little closer to Laon and have stormed one of the great natural fortresses guarding the southern end of the Hindenburg line.

By the capture of Craonne they have forced the back door to Laon but there are mighty obstacles still in their path. Craonne formed one of two gun-crowned heights at the head of a broad valley leading to the French goal. The other, which remains unsubdued, is the sinister Brimont plateau from which the German guns thunder daily against the devoted ruins of Rheims Cathedral. Thousands of lives have been spent in vain in an effort to storm this plateau but its capture is vital to the French advance.

Outside of the lists where the warring nations are arrayed, interest centers on Brazil and China. In both countries a parliamentary battle is being waged which will decide whether or not they enter the ranks of Germany's foes. The war advocates are in the majority at Pekin but the minority has the support of President Li Yuan Hung. In Brazil the situation is not so clearly defined but the resignation of Dr. Lauro Muller is supposed to give a preponderance to the war party.

INDICT LANCASTER SCHOOL HEAD FOR FIGHT IN OFFICE

Lancaster, May 5.—S. H. Layton, superintendent of the Lancaster public schools, was indicted by the grand jury here last night on a charge of assault and battery for an alleged attack on Dean M. Hickson, high school principal in school here yesterday. Layton has refused to recognize Hickson's position and the two men had words over the possession of grades for the senior class of the high school. Layton was released on bond of \$3,000.

Four true bills were returned against A. E. Dennison, retired merchant, for arson in connection with the burning of his general store at Rushville, six years ago. Dennison was arrested and was released on bond of \$1,000.

Thirty-five indictments were reported by the grand jury.

TELEGRAPH BRIEFS.

Chicago.—General Joffre entwined American and French flags in an address last night while the crowd went wild with enthusiasm for the hero of the Marne. M. Viviani also spoke.

El Paso.—Pancho Villa has affected a new alliance with rebel factions and a new revolt against Gen. Carranza has started. Rioting is reported from Tampico.

Columbus.—Adj. Gen. Wood yesterday issued an order creating a division of Ohio National Guard, New and enlarged units make the division an organization possible, placing Ohio on the same footing with New York.

New York.—A mass meeting of Irish sympathizers here last night ended in a riot when the organization refused to receive a resolution calling for American interference in Ireland.

Washington.—The Liberty Loan, the first war bond issue of the U. S. government will be over subscribed 100 per cent, according to estimates made today.

BURY MAN'S BODY WITHOUT KNOWING NAME

The body of the unknown man who was found in a freight car here, was buried today in Cedar Hill cemetery by L. N. Bradley, funeral director, without being identified. Sheriff Swan, got into communication with the workhouse at Zanesville Friday to see if a prisoner named Lomon, whose card with his name and address was found on the body, but Lomon denied having any knowledge of the identity of the man or how he came to have his card in his possession.

You never can tell. Lots of people are never preserved in appearance, but are mighty sour inside.

THE WEATHER

Forecast For Week Beginning May 6.

(Issued by U. S. Weather Bureau.)

Washington, May 5.—Weather predictions for the week beginning Sunday, May 6, issued by the weather bureau today are:

Ohio Valley.—Cool weather will prevail during the greater part of the week. Local rains are probably Monday or Tuesday; otherwise generally fair.

Region of Great Lakes.—Cool weather for the season is probably during the week, except for rains Tuesday or Wednesday generally fair weather.

WAR DEPARTMENT OUTLINES PLANS TO ENLIST MEN FOR MILITARY DUTY

(Continued From Page 1)

tered will comprise about 1 per cent of the population.

If, for instance, all men between 19 and 25 years of age, inclusive, are to be registered, the registrar would have to enroll about 7 per cent of the precinct population.

It is desirable to accept the services of competent volunteer registrars to serve without compensation. All registrars must be sworn.

The voting place in each precinct must be prepared for registration. Full printed instructions covering every detail of registration will be in the hands of sheriffs and mayors on the fifth day after the President's proclamation.

In Cities of Over 30,000 Population. The mayor of a city containing more than 30,000 inhabitants, or the officials designated by the governor therein, shall, with approval of the governor, appoint for each ward or convenient minor subdivision containing about 30,000 people one registration board, and shall designate one officer of each board to perform duties similar to those imposed on the sheriff, as heretofore outlined. If the mayor desires, he may appoint a central board to coordinate the work of minor boards.

In Cities of Over 30,000 People. On the fifth day after the President has issued his proclamation, the mayor of a city of over 30,000 must secure a supply of blanks and copies of the registration regulations from the sheriff or from the mayor. Absentees and the sick will apply to such clerks to have their registration cards filled out. In no case shall such persons be given registration certificates. They are to be instructed by the clerk that the burden is on them to see to it that the cards reach the registrars of their home precincts by registration day.

Absentees and the Sick. Persons absent from their home precincts may be registered by mail. If so absent, a man should go to the clerk of the county where he may be staying, on the sixth day after the date of the President's proclamation. If he is in a city of over 30,000 population, the city clerk is the official to whom to apply. The absentee will be told how to register, but he must mail his card in time to reach his precinct by registration day.

Persons too sick to present themselves for registration must send a competent person to the county or city clerk on the sixth day after the date of the President's proclamation. The clerk will give instructions for registration.

Colleges, Universities, Homes and Other Institutions.

Officials of educational, charitable and other institutions should apply for instructions to the county or city clerk on the sixth day after the date of the proclamation for instructions as to a convenient method of registration.

The wardens of jails, penitentiaries, and reformatories should apply to the county or city clerk for instructions on the sixth day.

Five days after the date of the President's proclamation, complete regulations will be in the hands of all sheriffs and of the officials of cities of over 30,000 population.

The President is authorized to call upon all public officers to assist in the execution of the law. The plan is, however, to rely on the people for the proper execution of the law. It is expected that patriotic citizens will offer their services free as registrars. Such services will be gratefully acknowledged. Volunteers for this service should communicate immediately with the proper official.

HEIR TO ENGLISH THRONE TO WED PRINCESS COUSIN

[Associated Press Correspondence] London, April 25.—Prince Edward Albert of Wales, heir apparent to the British throne, has answered for himself the question whom he will marry, according to the National News. A London weekly. The News says the prince has decided he will ask for the hand of his first cousin, Princess Maud, the youngest daughter of the Prince Royal and sister to Princess Arthur of Connaught. The young princess is 14 months older than the prince, who is 22. She has lived a retired life, the inseparable companion of her mother. Her father, the Duke of Fife, was the closest personal friend of the late King Edward.

The report of the National News contradicts the rumor current some time ago that the prince sought the hand of Princess Yolanda, eldest daughter of King Victor Emmanuel of Italy. Recently London newspapers perhaps influenced by the downfall of the Russian aristocracy and the American stand against Germany's separate royal caste, have been urging that the old system under which kings chose mates for themselves or their heirs among the daughters of their own nobility should be revived.

UTICA BOY WINS ORATORY CONTEST FOR THE COUNTY

Theodore Parker of Utica high school, won first honors in the county oratorical contest at the high school auditorium last night. His subject was "The Union Soldier."

Mable Draper of Granville won second prize and Harry Clark of Hebron third prize.

The contest was well attended, old soldiers and other patriotic organizations occupying reserved seats. In the spelling contest Virginia Howes of Toboso won first prize. Miss Lucinda Palmer of Etina won the high school essay contest and Evelyn Daugherty, Bowling Green, first place in the elementary school contest.

The contestants were: Lydia Backenstos, Jacksonstown, "Democracy vs. Sovereignty."

George Watkins, Brownsville, "Lincoln on Preparedness."

Roe Kasson, Johnstown, "Funeral Eulogy on Gladstone."

Theodore Parker, Utica, "The Union Soldier."

Mabel Draper, Granville, "An Appeal to Arms."

Henrietta Renssener, Jersey, "A Leader Patriotism."

Blea Delenbaugh, Pataskala, "The Great American."

Robert Price, Alexandria, "The Flag Restored on Sumpter."

Byron Bease, Summit Station, "Heroism and History."

Harry Clark, Hebron, "The American Crisis."

Grace Rine, St. Louisville, "Keeping Up One's Culture."

The judges for the oratorical contest were: County Superintendent Coy of Franklin county; Mrs. Frank Johnson of Newark and Prof. Miller of the Newark High school.

First honor was awarded to Utica; second honor to Granville, and third honor to Hebron. Each of the winners were presented with gold medals.

Supt. Byron Zwayer of Newark, president of the Schoolmasters club, presided at the contest. Supt. C. A. Cockayne of Granville, a. c. Supt. Walter Howell of Newark, representing the club, had charge of the arrangements for the contests.

Words pronounced by Supt. E. W. Jordan to 60 winners of the preliminary spelling contest in the various high schools of the county, Virginia Howes of Toboso High school, Harriet Francis of Toboso High school, and Lucile Lawyer of Pataskala High school tied for first honors.

The essays of the various representatives of the various schools were submitted to the judges, Miss Janet Jones, Miss Carrie Allen, and J. A. Tait, all from the Newark High school, and the awards announced by Supt. Jordan. Miss Lucinda Palmer of Etina High school won first honor in the High school division, and Miss Evelyn Daugherty, Orr school, Bowling Green township, was awarded first honor in the Elementary division.

NEWARK BANKS TO SUBSCRIBE TO LOAN TO CARRY ON WAR

Washington, May 5.—Secretary McAdoo has telegraphed the entire list of 27,513 national and state banks and trust companies in the United States authorizing them to receive subscriptions for the \$2,000,000,000 bond offering, enlisting their co-operation and requesting them to telegraph a rough estimate of the amount of bonds each would take for itself and its patrons.

"You can render an invaluable service to your country," Secretary McAdoo told the bankers, "by receiving subscriptions and co-operating with the Federal reserve bank in your district. Will you kindly to this and telegraph me at Government expense as soon as practicable?"

The five banks of the city, Franklin National, Park National, First National, Licking County Bank and Trust Company and The Newark Trust Company, will all subscribe generously to the Liberty War Loan, by the government, of \$2,000,000,000 of three and one-half per cent issue. Subscriptions will also be received at the above named banks for subscriptions from any resident of the county without any profit or commission. The amount which the banks will subscribe will be determined later at directors' meetings of the several institutions.

RED CROSS CHAPTER FORMED.

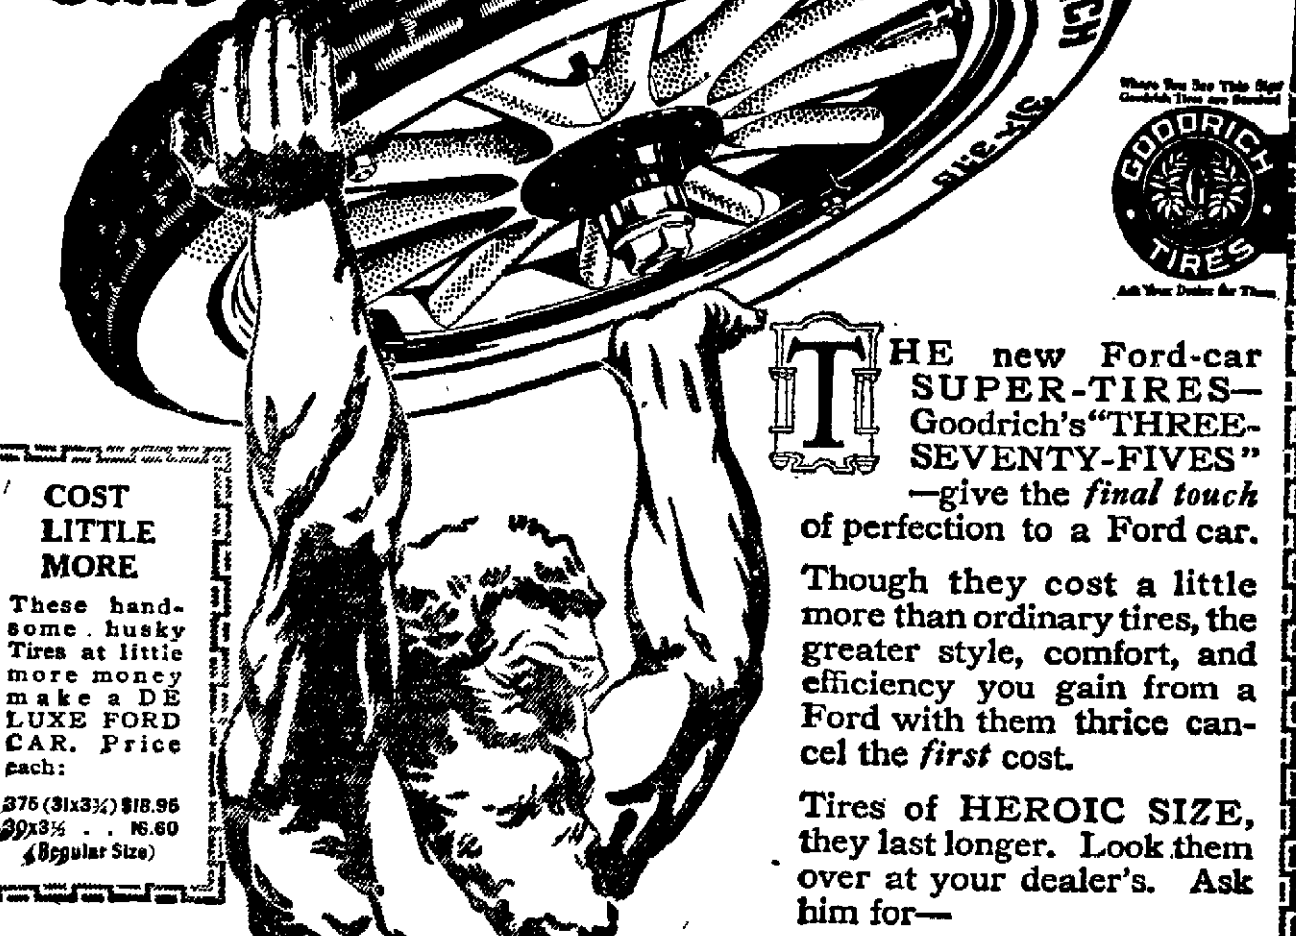

Mt. Vernon, May 5.—A branch of the American Red Cross Society was organized here today with W. E. McCormick as president. Prospects for 1900 membership is excellent. The Chamber of Commerce is assisting in organizing a battery of light artillery. Nearly 100 men have enrolled.

COBURN PLAYERS BOOKED; WILL PLAY "YELLOW JACKET"

Robert Edgar Long, special representative for the Coburn Players, arrived in Newark this morning and closed contracts with Manager Fenberg of the Auditorium for the appearance of this company on Saturday afternoon and evening, May 24, in the Chinese play, "The Yellow Jacket." The Coburns, who are well and favorably remembered in Newark for their performances at Denison University, are returning to this city following a season of "The Yellow Jacket" received glowing tributes from even the more conservative critics. The play is a romantic comedy in three acts and is presented in the same manner as the Chinese offer their own plays in Canton, Nankin and other cities in China.

(Regular Size)

THE new Ford-car SUPER-TIRES— Goodrich's "THREE- SEVENTY-FIVES"— —give the final touch of perfection to a Ford car.

Though they cost a little more than ordinary tires, the greater style, comfort, and efficiency you gain from a Ford with them thrice cancel the first cost.

Tires of HEROIC SIZE, they last longer. Look them over at your dealer's. Ask him for—

GOODRICH 375 SIZE (31x3 3/4 INCHES) 375 BLACK SAFETY TREAD TIRES

You will find them big, burly tires—burly in extra rubber and extra wear, made in the five-finger Safety Tread ONLY.

They fit 30-inch rims, but are an inch bigger on the circumference than ordinary tires, with full three and three-quarter inches in the cross section.

Put "THREE-SEVENTY-FIVES" under your Ford, and you add value in appearance to the class of your car.

On account of reduced stress and strain they double your joy of motoring, and the life of your car, and spell tire economy in bigger mileage.

ALHAMBRA.

Sunday.

One of the most interesting studies in make-up ever seen on the screen is afforded by Norma Talmadge, Tri- angle fine artist, in her newest picture, "The Social Secretary."

Persecuted by the unwelcome attentions of the other sex because of her beauty, the heroine of "The Social Secretary" is herself as ugly as possible before applying for a position in the household of a wealthy woman.

Monday and Tuesday.

That motion pictures have an educational value is clearly endorsed by Elliott Dexter who plays the part of a young doctor in support of Blanche Sweet in the Lasky-Famous adaptation of F. Hopkinson Smith's story, "The Tides of Barnegat," which will be seen at the Alhambra Monday and Tuesday.

As the young doctor, Mr. Dexter is suddenly called upon to resuscitate a drowning child, who, in this case, is no other than Little Billy Jacobs. The scene was taken on location and there was no opportunity to call in a physician to advise Dexter how it was done. Quickly it occurred to Dexter that in the Paramount picture he had seen a motion picture showing how persons who were nearly drowned were brought back to life.

GEM.

Sunday.

"The Fall of a Nation," with the vision of a prophet, Thos. Dixon months before the United States was actually drawn into the world war cast upon the screen his mighty spectacle, "The Fall of a Nation," the movements and outstanding figures that play their parts in the present crisis of our country's life. The powerful movement on the one hand and on the other, the war party roused to righteous indignation by humiliations heaped upon the country, the arch plotters against the nation's welfare, the servants for a foreign foe working in the dark to undermine the government are all pictured. "The Fall of a Nation" will be exhibited at the Gem theater Sunday and Monday.

GRAND.

Lillian Walker.

Lillian Walker will delight all members of her audience in the swimming scenes of "Indiscretion," the Vitagraph feature, which is the attraction at the Grand theater on next Monday and Tuesday. In this story she plays the role of a care-free girl whose mother's death has left her strangely lacking in any knowledge of the conventions. She delights in fishing on Sunday, startling the townfolk by prancing through the quiet streets barefooted and doing the hundred and one things which are tabooed. The swimming scenes, however, fairly abound with life, and the picturesque mountain stream framed on either side by green trees form a fitting background for the aquatic feats which the little star performs. True to the will-o'-the-wisp nature of the role she plays she is garbed in a one-piece suit which does not hamper her graceful movements in the crystal clear water.

AUDITORIUM.
"Her Temptation."
The power of will is the dominating motive in "Her Temptation," Gladys Brockwell's newest play, for William Fox. Clash after clash occurs throughout the action of the story, and in each case it is the girl, not with the stronger will, not with the greater might, who wins.

Miss Brockwell plays the part of Shirley Forsland, a young girl who, for lack of a fortune, is forced into marrying a man she does not love. This feature will be the Auditorium attraction for today only, together with the fifth episode of "Patria," with Mrs. Vernon Castle, give patrons the greatest amount of amusement ever offered in Newark for the money.

Sunday Program.
Newark picture fans visit the Auditorium theater on Sunday are assured something out of the ordinary at tomorrow's program, which Manager Fenberg believes is the best shown so far at his playhouse. Three big features are to be offered, headed by that clever little Fox star, June Caprice, said to be the coming screen idol of picturedom.

In "A Modern Cinderella," love, intrigue and hate have been the dominating motive of the life of today and William Fox has given it a wonderful production and cast. A short bit explains "A Modern Cinderella."

United States Government

Indian Land Opening in Southeastern Oklahoma

A hundred years ago, land in your own county in Ohio was obtained by your forefathers from the government for practically nothing. Today that same land is selling for \$200.00 per acre. The increase in value is due to the demand for food and increase in population.

Today you may obtain land in one of the richest agricultural sections of the country in the same manner used by your forefathers, which, with the present demand for food and the high prices being paid for farm products will sell in a very short time at the same prices now paid in Ohio.

After The Great World War

when the munition plants and other great war industries close down, there will be a demand for farm land such as was never known before. Are you going to wait until then to get your land, and pay some middleman a profit, or get your share direct from the government?

The Government Indian Land Demonstration Car No. 10

under the supervision of the McAlester Exchange of McAlester, Oklahoma, is in your city for a few days to tell you how you may obtain your portion of this land.

that faith let us, to the end,

At present prices food is getting to

be a good deal of a luxury.

Some people's first thought on enter-

ing the war period is how to make

some more money out of it.

The food speculators are having

their innings now, but the American

people have two strikes and no balls

called on em.

There is much discussion of the

taxation problem, and the popular

conception of it is some way to make

other people pay.

The politicians are willing to vote

for the army bill for the protection

of the country, provided they all get

their share of pork.

About the only gain achieved by

those fellows who get married to es-

cape military service, is that they get

a petticoated commander.

Anyway the Pacifists can stay at

home and take care of the babies,

and they should be careful not to go

out of the house after dark.

When a Men's Club is formed to

get off and enjoy independent life by

themselves, about the first thing they

do is to have a ladies' night.

The theory of many gardeners of

how to relieve the food shortage is

to raise a lot of table relishes

that will last about two weeks.

There is no trouble in getting in-

structions about planting the garden,

and by asking a few friends you will

get just about 57 varieties of con-

flicting advice.

To Anxious Inquirer who asks to

know what a spark plug is, it might

be described as the old family horse

with which you take your best girl

to ride.

When the wages of the coal miners

go up 20 per cent, the operators will

feel entitled to much credit if they

raise the price of the product only 40

per cent.

The duty of brightening the

corner where you are need not make

any one feel they must cheer up the

neighborhood by starting to play the

piano at 5:30 a. m.

On going into a quiet, self-respect-

ing and law abiding village, one is

apt to find all the inhabitants at the

movie show seeing a so-called Wild

West drama with shootings every few

feet of film.

Hats off to the shop boys who are

joining the Red Cross in large num-

bers. In the lists of memberships

applications reaching local headquar-

ters, No. 16 Arcade, are seen many

names of foreign-born citizens.

LIBERTY BONDS.

The United States Liberty Loan bonds will be non-taxable and will bear a 3 1-2 per cent. interest rate. Some, if not all of the Newark banks are taking subscriptions for these new bonds. They are to be issued in denominations from \$100 up. The purchase of a Liberty bond is an act of patriotism and at the same time a good, safe investment.

MEAT SUBSTITUTE.

Cottage cheese is one of the important meat substitutes, say specialists of the United States Department of Agriculture. It contains a larger percentage of protein (the chief material for body building) than most meats and furnishes this material at a lower cost. In every pound of cottage cheese there is about one-fifth of a pound of protein, nearly all of which is digestible. Meats, on the other hand, usually contain less protein and besides have a certain waste, such as bone and other inedible material. A pound of cottage cheese daily would supply all the protein required by the ordinary adult engaged in a sedentary occupation.

The following table shows that cottage cheese, obtainable at from 12 to 17 cents per pound, is much cheaper than most meats in furnishing protein for the diet.

For supplying protein, one pound of cottage cheese equals:

1.27 pounds sirloin steak
1.09 pounds round steak
1.37 pounds chuck rib beef
1.52 pounds fowl
1.46 pounds fresh ham
1.44 pounds smoked ham
1.58 pounds loin pork chop
1.31 pounds hind leg of lamb
1.37 pounds breast of veal.

In addition to protein, energy for performing body work must be furnished by food. As a source of energy, also cottage cheese is cheaper than most meats at present prices. The following table prepared by the Department of Agriculture shows the comparison when energy is considered.

On the basis of energy supplied, one pound of cottage cheese equals:

8 1-3 ounces sirloin steak
11 1-4 ounces round steak
11 1-4 ounces chuck rib beef
10 3-4 ounces fowl
5 1-2 ounces fresh ham
5 ounces smoked ham
6 ounces loin pork chop
7 ounces hind leg of lamb
12 3-4 ounces breast of veal.

RESTORE PALESTINE TO JEWS.

(Pittsburgh Gazette Times.)

Intimations that among the subjects for discussion between the American government and the French and British Commissions is the future of Palestine afford large satisfaction not only to Jews but to gentiles sympathetic with the Zionist movement. If it shall be determined the leading Powers of the Entente in writing the peace terms shall make special arrangements for the disposition of the Holy Land it is practically certain the hope of Zionism will be achieved. The plan that has been discussed informally and which is expected to be taken up officially by the representatives of the three great democratic nations contemplates the erection of an independent Jewish state in Palestine, neutral and under the protection of one or more of the world leaders of liberty. The details cannot be more than tentatively agreed upon, but the large purpose of restoring to the Jewish nation a land of its own, with a flag and government, can be placed on the Allies' program. It should be done. Justice has been denied the Jews too long. Never again, probably, will be presented opportunity equitably to grant the plea of Zionists. The Jews have done their full share in promoting the cause of liberty from which the world soon is to benefit increasingly; they have claims that cannot be denied consideration and which must not be refused.

The restoration of Palestine to the Jews as one of the fruits of the great war would be something of which the proponents of freedom would be proud for all time.

(Philadelphia Record.)

The slacker should remember that all the excuses have been invented. A plain duty is always more attractive after it has been dressed up a bit.

Every man should do his bit, but might few are clamoring for two bits worth.

You never can tell. Many a man feels like kicking himself who wouldn't let anyone else do it.

Singleton—"So you think there should be a tax on bachelors, eh?"

Newlywed—"Yes; a war tax."

Lots of fellows who try to enlist don't come up to the physical requirements. They have more cheek than backbone.

Mrs. Wigwag—"That new cook of ours makes my blood boil."

Wigwag—"I'm glad she can make something boil."

To FIGHT FOR FRANCE.

(Philadelphia Record.)

There will be general approval of

the reported intention of the Govern-

ment, yielding to solicitations of the

British and French commissioners,

to send an American force to France

as soon as it can be prepared and

dispatched without causing a serious

disturbance of the present arrange-

ments for sending supplies and mu-

nitions of war abroad. As the pur-

pose of this proposal rather than the

physical support which it will give

to the allies' armies now in the field,

it need not necessarily be large, and

presumably it will be taken from the

regular army, whose men would be

ready for active service as soon as

well acclimated. There is, therefore,

a reasonable probability that the

present summer will see American

soldiers fighting side by side with

British and Frenchmen—an inspir-

ing sight which cannot fail to give

fresh heart to our allies. It will not

be the first time that Americans

have fought in Europe, for during

the Revolution John Paul Jones was

undying fame by his successful naval

raid against England, but it will be

the first appearance of our infantry

on the Continent as an organized

force. Individually, of course, thou-

sands of Americans are now enrolled

in the armies of the French and

British, where by their deeds and

deaths they have added new distinc-

tion to American arms.

It is natural to expect that, in

view of this decision of the Govern-

ment, Colonel Roosevelt will press

his claims for a volunteer division,

which he desires to accompany, but

not to command. It is well known

that the General Staff of the army

is strongly opposed to this plan, as

it has been in advance of a large

army. Reason seems to be on its

side, while popular opinion is with

the Colonel. In such a matter senti-

ment cannot be entirely disregarded,

especially when enforced by the elo-

quent appeals of Marshal Joffe and

his French and British fellow-com-

missioners. If the regulars go first

and show our allies what American

soldiers are and can do there will

be less objection to the Colonel's

volunteers, who under any circum-

stances cannot take the field for

several months. This is a matter

that ought never to have been raised,

to the great embarrassment of the

War Department and the General

Staff. So long as it has been there

will be less opposition to the Roose-

velt volunteers if trained soldiers

have previously blazed the way for

them.

FOOLS IN HIGH PLACES.

(Baltimore Sun.)

Mayor Thompson of Chicago, may

not be absolutely disloyal, but he is

certainly out of sympathy with his

country. He may be simply a plain

fool, but this is not time for plain

fools, or beautiful fools or fools with

fancy frills, to be in responsible

places. Chicago is not exactly what

would be called a "holy city," nor

even a city of idealists. But we have

a notion that it contains a large

number of red-blooded Americans

who will have no patience with

Mayor Thompson's particular brand

of assiduity if that is the trouble

from which he is suffering. And we

hope that they will make it so hot

for him that he will hold his tongue

in future if he cannot talk Ameri-

canese.

In view of similar exhibitions in

Washington recently there should be

added to the litany a prayer to the

good Lord to deliver us from fools

in high stations. The ordinary, ev-

eryday species is exasperating

enough, but those who get into po-

sitions of responsibility would make

even Dr. Kelly forget his Christiani-

ty for a moment.

Society

The Harmonious Embroidery club met with Mrs. L. P. Faust at her home in North Fourth street, Tuesday afternoon. The hostess served a two-course dinner to the members and four guests. The club will meet May 16, with Mrs. S. P. Kline in Kibler avenue.

On Monday evening at the home of Mrs. Shira in Dewey avenue, about forty guests gathered for a surprise party in honor of Mrs. Roy Zaher and Mrs. John Albright's birthday anniversaries.

Beautiful presents were given. The evening was spent in games and music. Mrs. Miller rendering some beautiful selections, Mrs. Helmke and Mrs. Strawn favored with several solos. The mystery of the Zigzag club was introduced which made merriment for all. Luncheon was served by the hostess.

Those being present were Mesdames J. Zaher, John Albright, F. H. Helmke, Virginia Mayer, Paul Braden, Minnie Conn, John Braden, Clara Smith, Jennie Mitchell, Louis Daerr, J. W. Mercer, C. S. McNight, W. C. Davis, Laura Strawn, Lottie Miller, Ada Ditter, S. H. McNelly, Myrtle Morris, Dorothy Allen, S. A. Ragan, Laura Murrell, C. E. Potter and son, J. H. Eberly, Miss Armstrong, L. H. Armstrong, J. H. Murray, W. H. Glunzinger, M. E. Russell, H. A. Lay, Florence Volt, Mrs. Jones, Mary Burton, J. H. Allen and son John.

Twelve young women will receive their diplomas at the graduation exercises of the St. Marys of the Springs academy early in June. They will be honor guests at a reception to be given Tuesday by the alumnae of the school in the school building at Shepard. Among the graduates this year is Miss Miriam Fitzpatrick of Newark.

The Diligent Workers' club was organized last evening at the home of Miss Mary Miller in West Church street. Dorothy Hirschberg was named president and Elizabeth Miller secretary and treasurer. The society will take an active interest in warfare work.

Milady's Boudoir

For the Business Girl. The business girl, while not in a position to effect the elaborate dress of her home life, certainly may be fully as attractive in a different way if she is neat and chic in her costuming. There are two accessories the business girl should be very particular about shoes and neckwear. If these items are right, a frock that is not exactly new and modish in line, will pass muster. Nothing expresses hard luck, economy, failure like a pair of run over, worn out shoes and success, prosperity and general well being are expressed by well kept boots of good quality. It is well to have two or three pairs of shoes of the same sort, although one pair should be of stouter character for stormy weather. For the clear weather boots there is no objection to patent leather, and this leather is more kept in condition than the dull calf which must be polished every day. When boots are cleaned and polished and the doing of three pairs at once will save much valuable time—all loose buttons should be fastened and new laces put in as the least sign of wear is apparent, for there is nothing more trying than a snapped lace when one is dressing in a hurry.

Fresh neckwear is best provided in sufficient quantity to last one week, so that laundering may be attended to all at one time. Use a clean collar every day at the office and even if the lingerie looks passable when one dresses in the morning, its freshness will not be likely to endure much beyond noon. There is a safe and sure rule about collar wear which men usually follow religiously and that is; if there is the slightest doubt as to whether or not a collar is soiled enough, discard it instantly.

Every Day Etiquette

"Should I wear a full dress suit in an afternoon wedding which is held at the bride's home?" asked George. "No! You should wear a cutaway frock coat, white, pearl, gray silk or linen waistcoat or one to match coat; gray trousers or those to match coat; white linen and a pearl or light colored Ascot or four-in-hand tie," directed his father.

To Have Clean Beautiful Hair

The best thing to use is Kreamol, a liquid which you can get at almost any drug store. A small amount, only one or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water, rub in a little of Kreamol, massage well and then rinse in clean water. The hair dries quickly and evenly, and is fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and removes the dust, dirt and dandruff. Do not use cheap soap or cheaply prepared shampoos if you want to keep your scalp clean and the hair soft and beautiful. You will find Kreamol very inexpensive as a four ounce bottle will be sufficient to last every one in the family many weeks.—Adv.

COUNTY MAY TAKE HULL HOME FOR COUNTY LIBRARY

The county commissioners have not as yet acted on the offer of Eli Hull, made to them through Atty. Edward Kibler, Sr., of deeding his home to the county to be used as a location for a county library. The property includes a frontage of 80 feet in West Main street, with a depth of 400 feet, and a twenty room brick dwelling, which originally cost \$25,000.

The commissioners stated today that they had thoroughly gone into the matter, discussed the provisions and undoubtedly would accept the same, but that they were awaiting advice from Prosecutor Charles Flory, who has been busily engaged in the court of common pleas all week, the offer having been made last Saturday.

WHAT OHIO CLUB WOMEN ARE DOING

Mrs. Prentice E. Rood, Director of Press.

Emergency Service Registration. The details of the working plans of the relationship committee recommended at the council meeting at New Orleans, have not yet been received by the state president from the General Federation. In the meantime, conferences are being held by the officers of the state federation and leading women of other organizations for the taking of a general emergency service registration of the women of Ohio.

Just as women have always risen to meet their obligations in a crisis, so will they answer to this call for service in this, the greatest in the experience of this generation.

Apply Early for Traveling Library. If you have no public library in your community, you can secure a traveling library from the state by making application through your club secretary, who will be your librarian. The application card furnished by the state must be signed by five taxpayers.

Those who apply early will have the advantage of the first choice of books. Your library will be made up and held for shipment in September or any date you designate. The state library has also a large collection of club programs and other outlines of study helpful in making up club calendars. These are available to the clubwomen of Ohio.

Address all communications to Nettie K. Gravett, Superintendent Traveling Library Dept., 199 East Gay street, Columbus, Ohio.

Baby Week. In practically every community where there is a woman's club, Baby Week was successfully celebrated. It is a matter of much rejoicing that in many cities the campaign has been under the immediate direction of the local boards of health, with the clubwomen cooperating. Municipal authorities have recognized the value of this plan of our government to conserve the health and lives of the children, and in those instances where this does not receive the proper attention, it rests with the women's clubs to act as a civic conscience. In the next issue it is hoped to be able to state that Ohio has come up to the requirements, putting our state in the complete registration class for our baby population.

Women's Part in the War. The more than 50,000 clubwomen in the state federation can do much in promoting the idea of economy and conservation of food. Our duty was plainly outlined by President Wilson in his appeal to the nation, asking every citizen to do his part in bearing the burden of the world conflict of which we have become a part. Every woman has a distinct duty in this matter, and puts herself in the ranks for service when she responds to this, our country's greatest need, conservation.

The Woman's Monday Night club of Mt. Pleasant recently sent to the members of congress from that district the following resolution:

We, the members of the Women's Monday Night club of Mt. Pleasant, Ohio, request you as member of congress from this district to use your influence to have drastic legislation enacted and enforced regarding the use of liquor in the soldiers' training camps to which our boys are encouraged and expected to go; probably conscripted and obliged to go.

Our Boys and Girls

It is difficult to tell which is the most troublesome time for both child and mother: bath time or hair-combing time. Certain it is that the nerves of each are usually worn to a frazzle when these times are over.

A dear little girl of my acquaintance goes gladly and freely through both trying periods, because her wise mother makes them pleasant for her. Grace is fond of perfume. Last Christmas she found among her other gifts, a pretty little cut-glass atomizer, filled with a sweet and not too heavy toilet water. She was told that if she would go through the hair-dressing time with patience and sweetness, she should have some of the sweetness in the bottle sprayed upon her complete coiffure.

The ruse worked like a charm, for Miss Grace found that there was no perfume for her upon the days she fretted and sulked and scolded at hair-dressing time.

REPAIR STEAMER DAMAGE.

The German Steamer Rhaetia, Philadelphia, May 5.—The German steamer Prinz Oskar seized by the government when the state of war was declared, was towed to the Cramp Ship Yards for repairs to her machinery which was damaged by her crew. The Cramps Company will also repair the damaged machinery of the German Steamer Rhaetia.

Granville

[Special to The Advocate] Granville, O., May 5.—The regular meeting of the Greater Granville Association was held Friday evening. John Geach presided.

It was voted to send the following telegram to President C. W. Chamberlain in Washington at a meeting of college presidents: "The Greater Granville Association urges you to start movement among college presidents to urge President Wilson to action on National prohibition as a war measure." These officers were elected: President, H. W. Deming; vice president, C. D. Coons; secretary, L. A. Austin; treasurer, Harry Pierce. The four directors were re-elected: Burton Case, L. A. Austin, S. E. Morrow, and A. P. Nichol. John Geach was elected to fill the unexpired term of C. D. Coons, resigned.

The village council has set aside Wednesday, May 16, as a clean-up day, and provision has been made to have all the rubbish hauled to the village dumping ground, free of charge.

Invitations have been sent to representatives of the various musical organizations of Granville and Denison, comprising the membership of the Festival Association, to meet at 6:30 Tuesday evening in Stone Hall. Officers will be elected and dinner served on Shepardson, commons.

The Women's Missionary Organization of the Baptist church held an interesting meeting Friday afternoon, with a good attendance. Mrs. Ernest Shepardson was leader. Topic "The Beginnings of Missions."

A new feature of the carnival this year is to symbolize the three great principles of our government. The chief figure is "Columbia" and Ruth Wickenden of the senior class was chosen for the part. "Liberty" will be represented by Juliet Barker of the junior class; "Justice" by Lenora McCutcheon of the sophomore class, and "Equality" by Laura Price of the Freshman class.

The Denison "Masquers" have departed from the time honored custom of presenting a Shakespearean play at commencement time, and this year have selected a modern play by Gundy, adopted from the French "A Pair of Spectacles." A comedy drama will be presented.

A vesper organ recital will be given Monday evening at 6:30 in Recital Hall, by Miss Olive Hunt, assisted by Miss Ruth Eldridge, soprano.

The Cicero library shroldhrdud The Cicero literary society of Doane academy held its annual banquet last evening in Cicero hall.

First Baptist church, at 10 a. m. Sunday, consecration and communion service. Hand of fellowship to new members. At 7 p. m. Genesis studies, "An Old Love Story, the Winding of Rebekah." The pastor, Rev. Millard Breisford will speak at both services.

Methodist church at 10:00 a. m. "The Great Commission." At 7 p. m. Both sermons by the pastor, Rev. Otto Geisen.

Also, the night force of the B. & O. road; house; friends and neighbors for their beautiful floral offering, and Rev. A. B. Cox for his consoling words.—Edw. Wilson and Family. 5-5-17

VETERANS APPEAL TO HELP. Washington, May 5.—A touching appeal from old veterans of both Confederate and Union armies to be permitted to assist in the defense of their country at this time came yesterday from Columbus. It was signed on behalf of the veterans by J. M. Worrell, who wrote: "We have several hundred of the old veterans here in Columbus and Newark who are now ready to shoulder arms in defense of our country." He adds that these veterans are "ready for action any moment."

TRUSTEES CANCEL AUDITORIUM LEASE, EFFECTIVE JUNE 8

Trustees of Memorial hall (Auditorium theatre) last night cancelled the contract for that play house held by Manager Fenbers because they claim the presentation of burlesque shows is in violation of the contract. The action was taken by the adoption of a resolution.

These trustees were present: T. O. Johnson, Joseph Avery, M. D. Hartshorn, Roderic Jones, J. R. Asubrook, Frank C. King and Edward Kibler. The resolution was unanimously adopted by the board. It is as follows:

Resolved, That in the opinion of this board the character of the so-called wheel or burlesque shows given by the present lessee of the Auditorium theatre for the past season has been a violation of the terms of the lease and a failure to comply with the former order of this board made February 2, 1917, and that the lease is hereby cancelled and forfeited for violation of the terms of the lease in respect to the character of the performance as above specified; said forfeiture and cancellation to take effect and be in force on June 8, 1917.

The secretary today served this notice upon the lessee that full possession of the premises must be surrendered to the board on June 8.

The Courts

Common Pleas Notes.

In the case of Mary James vs. Curtis James, the court ordered the receiver, Wm. F. Lavin, to sell the automobile the ownership of which is in dispute between the parties. In the case of Carl Norpell vs. Wm. D. Wilson, et al., a suit to obtain an injunction restraining the cutting of timber; a judgment of dismissal was entered, the parties settling the controversy without a trial to the court.

James C. Taylor, guardian, vs. Levi C. Montgomery, et al., leave given Taylor, trustee, to file answer. Leave given Levi Montgomery to file answer instantly. The suit is brought for the partition of real estate.

In the case against Elias Farrand, indicted for selling a horse upon which there was a chattel mortgage, the indictment was nolleed.

In the case of the state vs. C. N. Richards, indicted by the grand jury for forgery, it being charged that he set fire to and burned a dwelling house at Helron some weeks since, the court continued the case until the next term of court, upon an affidavit being filed by the defendant that he was unable to obtain the testimony of a material witness.

Married by Justice.

Carl Smith and Miss Florence Clark of this city, were married yesterday afternoon by Justice J. M. Jones in his office in South Third street.

Ditch Hearing.

The engineer's report on the Day ditch was heard by the county commissioners today. It covered the assessments of the same. The ditch is in Monroe and Jersey townships and is about one and one-half miles in length.

Divorce Petition.

George W. Phillips has filed a petition in probate court against Belle Phillips. They were married in May 1913, and reside near Concord, in Liberty township. The petition, which is quite lengthy, alleges numerous misdemeanors on the part of the defendant, including neglect, calling plaintiff vile and indecent names, threats to kill and ordering him from the premises. He states that defendant has induced her children, his step-children, not to obey him and encourages the oldest boy to abuse and threaten him. He claims that his farm of 123 acres believes that he is in personal danger unless defendant is enjoined from molesting him. He asks for a divorce and all proper relief and Judge Robbins Hunter issued a temporary injunction, restraining the defendant from interfering in any manner with defendant until the final hearing of the case.

"What struck you most forcibly during your visit to the city, Uncle Hiram?" asked the village oracle. "Wall," ruminated Uncle Hiram, "when I came to the hospital. I'll be gosh, dinged if I could recollect whether it was a trolley car or one o' them derned city automobiles."

AN INVITATION FROM THE LICKING CREAMERY COMPANY

Every housewife should be interested in milk.

The cow is called the foster-mother of the world. Her existence is the domestic creature, the most intimately interwoven with the destinies and welfare of mankind.

She has early accompanied civilized man into all of his new fields of home-pioneering that, wherever he might be, neither himself nor his children would suffer for lack of her delicious and nutritious milk.

More and more complete becomes the recognition of the royal place occupied by milk as a human food. Science has of late given this great domestic product its warmest endorsement, with the provision that milk be produced and handled under scientific and sanitary conditions.

We cordially invite the public to inspect our plant on Wednesday afternoon of each week and view our processes. Our retail solicitor, Mrs. Eva Southwick, will be in attendance for the purpose of escorting visitors through.

latter section fell to lowest levels in years, receiving little support. Oil and utilities also suffered from steady liquidation and short selling. Texas Co. and Ohio Gas yielded about 3 points each. Equipment and sugar, but copper owed their moderate strength to the placing of additional large orders for the metals. United States Steel was steady after its initial setback. The closing was heavy. Sales approximated 350,000 shares. Bonds were weak.

Chicago Grain.
[ASSOCIATED PRESS TELEGRAM]
Chicago, May 5.—Wheat prices today showed a tendency to advance, owing more or less to the lightness of stocks and to the absence of hedging sales. Opening quotations, which ranged from 1c off to 1/2c up with May at 2 1/2c and July at 2 1/2c to 2 1/2c, were followed by a decided general upturn and then a moderate reaction.
The close was unsettled at 3 1/2c to 4c net advance with May at 2 1/2c and July at 2 1/2c to 2 1/2c.
Corn was governed almost entirely by wheat. After opening unchanged to 1/2c lower, the market hardened all around.
The close was steady at 1 1/2c to 1 3/4c net advance.
Oats showed little independence. Demand was chiefly for May delivery.
Acute buying and hard for leading commission houses steadied provisions. Pit traders sold.

Lodges

DAUGHTERS OF VETERANS.
The Daughters of Veterans met April 24th with the president, Mrs. Laura Kunkle, presiding. The patriotic instructor had prepared an interesting program. Next Tuesday evening is the meeting night.

O. O. F.
Olive Branch.
Olive Branch lodge met Tuesday evening, May 1. The banquet room was thrown open and the members were treated to a supper of chicken and noodles.

Canton Olive, No. 90.
The regular Cantonment of No. 90 will be held Wednesday evening, May 9th at 7:30. All Chevaliers will report in "fatigue." It is now only two months until the Grand Encampment and Department Council will meet in Newark. We have a class of candidates coming on for the P. M. degree. Everyone will be in his place for this degree work Wednesday evening. Capt. Wilkins will be with us now.

Newark Lodge, No. 623.
Last Monday evening, Newark Lodge held a very interesting session. The first degree was conferred on two candidates. Next Monday, May 7th, we will confer the second degree. The members of the team will be on hand. All members of the order are requested to meet with us Monday evening at 7:50.

LICKING REBECCA LODGE.
At the last session of Licking Lodge the degree was exemplified for five candidates. The next meeting will be a business session Thursday, May 10th.

K. O. P.
Roland Lodge.
The meeting on Tuesday evening was well attended and enjoyed by all, although there was no degree work. One petition for membership was received and considerable other business taken up and discussed. After the close of lodge refreshments were served to over fifty Knights. On Wednesday evening this lodge was well represented at the tabernacle when about 350 members of the two local lodges turned out and attended the services in a body. The Uniform Rank boys gave a military aspect to the gathering, while the Pythian Sisters also turned out in goodly numbers. All the Knights carried small Pythian flags and made a very favorable impression both on the street and in the tabernacle.

Next Tuesday evening the Page rank will be conferred. You are invited to be present. On Sunday, June 3, will occur our annual Memorial services, when we honor the memory of our departed brothers. Hon. Walter B. Ritchie of Lima will be the speaker of the day. Plan now to be present.

Newark Lodge.
Newark lodge No. 13 met in regular session Thursday evening. The Knight rank was conferred in full amplified form upon three Esquires. Next Thursday evening the Page rank in revised form will be conferred upon a class of ten candidates. One of the new membership certificates has been framed and will be on display in the lodge room. The annual memorial day will be on June 2d. Past Supreme Chancellor Walter B. Ritchie of Lima, O., will deliver the Memorial address.

K. O. T. M.
Octagon Tent.
Octagon Tent will hold an open meeting on Thursday evening, May 10th. Great Record Keeper George H. Scott will be with us. The ladies of both Hives are invited, together with their families and friends of both Sir Knights and Ladies.

MODERN WOODMEN.
Cedar Camp, No. 4727, M. W. of A. met Wednesday night. Next Wednesday night there will be no regular meeting on account of the fact that on May 10th is the date set for the Modern Woodmen and the Royal Neighbors to attend the Promotional Banquet services and all members of both societies are requested to meet at the hall at 7 p. m. to get ready to march to the Tabernacle in a body at 7:15 p. m. Each Modern Woodman and Royal Neighbor is requested to wear a small American flag. On last Sunday, Neighbor Charles S. Ashcraft, a member of Cedar Camp, living at 43 McKinley avenue, was killed by the cars in the East Newark yards. He was a member of the Camp and carried a benefit certificate for \$1,000 and had been a member of the camp for one year.

WEATHER MAN PREDICTS FROST FOR OHIO GARDENS
Everybody has been urged to put in gardens, now everybody is urged to cover them up tonight if they still wish them to keep their title as garden. For the weather man says there will probably be a frost tonight.
Yesterday's frosted temperature was more than maintained. It was at 5 o'clock the thermometer registered 44, this morning it registered only 40, and succeeded in gaining only one degree to 41.
A change is about due, however, and the weather predictions are for fair and warmer weather on Sunday.

IVAN GREENE IS GIVEN CADET APPOINTMENT
A second appointee has been named by Congressman W. A. Ashbrook for the Mexican border war. Ivan Paul Greene of company D, eighth regiment to report for the examination. Albert McNamar has also been appointed to take the examination.

Circus In Snow Storm.
Harry P. Kutz sends a card from Ogden, Utah, saying that the Cole Brothers circus exhibited there on April 30 in a snow storm. Smudge fires were built in the large tents in order to melt the snow on top of the canvas and thus prevent collapse of the tents. In spite of the weather the show did a big business both at the matinee and night performances.

Circus Passed Through.
The John Robinson circus, which was to have exhibited at Columbus, yesterday, never unloaded the cars on account of inclement weather, and about three o'clock pulled out of that city for Coshocton. The trains passed through Newark about 4:30 over the Pennsylvania railroad and circus employees stated that they had been experiencing the hardships of circus life for the past few days.

Granges Meet Monday.
The Granges of Licking county will meet on the west side of the Court House, Tuesday evening at 7 o'clock to attend the Bromley meeting in a body.

Several weeks ago it was announced that moneys deposited with the government postal savings bank would not be subject to taxation. This was a mistake as such moneys, the same as all others, are subjected to tax and should be listed on the tax blanks. People having funds in postal banks and who have not returned the same should correct their returns on file in Auditor Hursey's office.

SOLDIERS FLOODED OUT.
Cleveland, May 5.—Large quantities of food and supplies were spoiled and six hundred soldiers of the Ohio engineers corps were marooned by a flood at Camp Perry near Port Clinton, last night and this morning.

STATE GIVES COAL
CARS PREFERENCE
TO STOP SHORTAGE

(Associated Press Telegram)
Columbus, O., May 5.—The Ohio Public Utilities Commission today took drastic steps to remedy the coal shortage by ordering Ohio railroads to give coal shipments the preference and by calling upon the Interstate Commerce Commission to investigate the unnecessary delay in the movement through Ohio of interstate coal shipments.

ESPIONAGE BILL IN SENATE.
Washington, May 5.—The House espionage bill went to the Senate today where a similar measure was under consideration. The modified censorship provision was adopted by the House by a vote of 190 to 185 after it had voted down 220 to 167 the entire administration censorship section.

LABOR LEADERS ARRIVE.
Washington, May 5.—British labor leaders, sent to the United States at the invitation of the American Federation of Labor to participate in a conference between the British war mission, headed by Foreign Minister Balfour and representatives of the American government, arrived here today from New York. They left today from New York. They left today from New York.

NEWARK BOY ARRESTED
AT CHICAGO JUNCTION

A communication received from Chicago Junction today stated that Ralph Lee, a 14-year-old boy of this city, had been arrested there charged with the theft of an automobile. When taken into custody the young lad had a .22-caliber Smith & Wesson revolver on his person with four loads in same, one empty shell and a skeleton key. The machine was stolen at Chicago Junction.

GOVERNOR TO NAME
COMMANDER FOR
NEW OHIO DIVISION

(Associated Press Telegram)
Columbus, O., May 5.—Adjutant General George H. Wood gave further details today of the organization of the Ohio National Guard into a division, which places the guard of Ohio with that of New York and Pennsylvania, the only other state having full divisions.

The first unit will consist of three brigades of infantry as follows: First Brigade—Second, Third and Sixth regiments, commanded by Brigadier General William V. McMakin, Toledo.

Second Brigade—Fourth, Fifth and eighth regiments and Ninth battalion, commanded by Brigadier General John C. Speaks, Columbus.

Third Brigade—First, Seventh and Tenth regiments, commanding officer to be appointed by the governor.

Appointment of a major general to command the entire division, also left to Governor Cox, probably will be announced Monday.

Statement was given out at the state house today as to applicants for the two appointments. It was stated that there are a number seeking the places.

The second unit will include a regiment of cavalry, a new unit, officers of which will be: Major Dudley J. Hard, Cleveland; Colonel P. L. Mitchell, Cincinnati, lieutenant colonel; S. E. Nash, Columbus; G. P. Greenhalge, Toledo, and R. C. Norton, Cleveland, majors.

Authority has been given for the organization of two new battalions to complete a regiment of field artillery, these two to be at Delaware and Mount Vernon. Application has been made to have Captain Clarence Deems, U. S. A. appointed colonel.

There are at present four battalions of engineers and two more will be organized. The second Cleveland has been placed in command of Lieutenant Colonel John R. McQuigg of Cleveland, it was announced.

A field hospital unit and two ambulance companies are to be added to complete a full unit for a sanitary train, recruiting and organization to be under direction of Colonel Joseph A. Hall of Cincinnati, chief surgeon.

Because of a lack of guns which cannot be furnished at this time by the government and may not be forthcoming for several months, General Wood said the Second Battery of Field Artillery probably will be placed with the First and both use the same guns.

Lack of equipment may also hinder activity temporarily of the new Tenth regiment. It is commanded by Colonel C. C. Weybrecht of Alliance, for lieutenant colonel. Major W. P. Love, Youngstown of the medical corps, has been appointed lieutenant colonel.

After completion of the organization of the new division Ohio will be a territorial division for the National Guard and with West Virginia, will be a territorial training area for conscripts. General Wood said he did not know when a concentration camp, probably of several thousand acres, will be located.

MOOSE TEAM WINS
PRaise OF CROWD;
GETS GOOD GRADE

Fifty members of the Loyal Order of Moose of this city, including officers and drill team, attended the fancy drill maneuvers and masquerade ball of the Columbus order in Memorial Hall, Thursday evening. The event was held to assist in raising funds to send a delegation to Pittsburgh to the National convention in an endeavor to try and capture the 1918 meeting for Columbus. The Newark team in its drill at Memorial Hall won the plaudits of the big audience present, and received a percentage of 95 1-2 being graded by a regular army officer.

BALFOUR GIVEN GREAT
OVATION IN THE HOUSE

(Continued From Page 1)
sincere, between two great and friendly nations.

"We all I think, feel instinctively that this is one of the great moments in history of the world and that what is now happening on both sides of the Atlantic represents the drawing together of great and free peoples for mutual protection against the aggression of military despotism."

"I am not one of those who are such bad democrats as to say that democracies make no mistakes. All free assemblies have made blunders, some times they have committed crimes. Why is it then that we look forward to the spirit of free institutions and especially among our present enemies as one of the greatest guarantees of the future peace of the world. I will say to you, gentlemen, how I seem to me."

"It is quite true that the people and the representatives of the people may be betrayed by some momentary gust of passion into a policy which they ultimately deplore but it is only a military despotism of the German type that can through generations, if need be, pursue steadily, remorselessly, unscrupulously and appallingly the object of dominating the civilization of mankind. And mark you this evil, this menace under which we are now suffering is not one which diminishes with the growth of knowledge and progress of material civilization but on the contrary it increases with them."

"When I was young we used to flatter ourselves that progress inevitably meant peace and that growth of knowledge was always accompanied as its natural fruit by the growth of good will among the nations of the earth."

"Happily we know better now and we know there is such a thing in the world as a power which can with unvarying persistence focus all the resources of knowledge and of civilization into the one great task of making itself the moral and material master of the world. It is against that danger that we, the free peoples of the western civilization, have banded ourselves together."

"It is in that great cause we are going to fight and are fighting at this very moment, side by side. In that cause we shall surely conquer and our children will look back to this fateful date as the one from which democracies and free men that their progress, their civilization, their rivalry, if need be, will be concluded not on German lines but in the friendly and Christian spirit which really befits the age in which we live."

Heap big mileage!
Mileage Makers

Every Savage mileage maker gets full credit for good work because all work is "keyed" to the serial numbers on the tires. We know in every case just who is responsible for "Heap big mileage."

This plan creates a strong sense of personal responsibility and pride among our workmen, and there is no rivalry to see who can produce most mileage per tire.

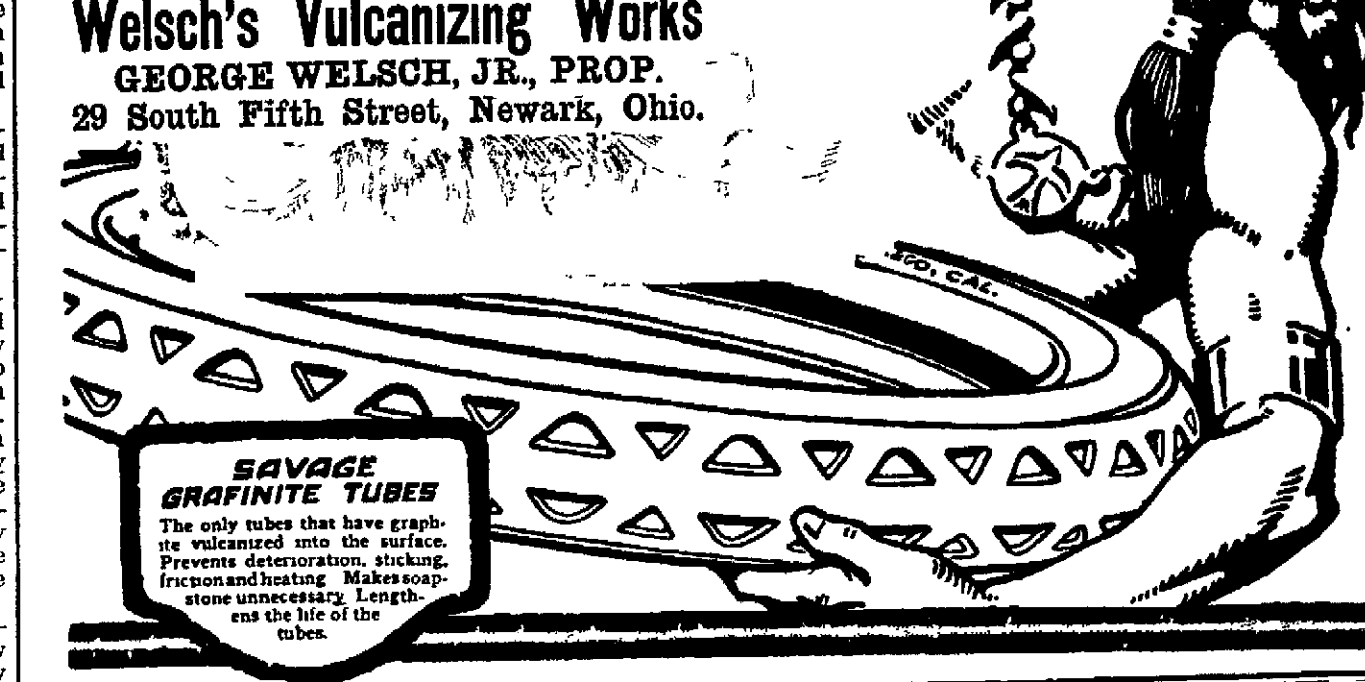

You can help us to produce even greater mileage for you if you will send us full details of all Savages that run over 7000 miles.

Please be sure to give Serial Number, size of tire, date of purchase, name of dealer, and actual number of miles run.

To help show our appreciation for this co-operation, we will send an inner tube patch free of charge to all who report, "Heap Big Mileage."

**WHO WILL LEAD
NEWARK TROOPS
IN GERMAN WAR?**

Now that conscription is a certainty and will soon be enforced, it is up to the people of this city to decide whether their troops will be led by their own citizens or by officers from other cities or other states.

It is planned now that troops from different localities will be commanded by officers from their own city. It is up to the men of this city now to see that there is a sufficient number of officers trained to meet the demand. Are we going to have someone from another city or from another state leading our troops.

A camp will be held at Indianapolis to fit these men to be officers. All expense incident to attendance will be born by the government.

A college education is valuable but is not essential. Any man with experience in executive positions is wanted, whether at the head of a business or at the head of an important department in a business.

Such men are needed and are needed especially right now for the first volunteer officers.

Applications are being received by mail or in person at Room 502, Military Training Camp Association, at the War Department, Chicago.

Applicants may enter any day from May 8th to May 14th. Mr. Miller E. C. Wright or Charles W. Miller will give further information. Already several young men of Newark have been enlisted in the Ft. Benj Harrison training camp.

Who are the men who are going to lead the troops of our city?

BROMLEY MEETINGS

(Continued from Page 1.) of a start in their boyhood. He praised the schools of America and urged that every young person get the best education possible. He showed how lack of education crippled those who neglected to prepare themselves thoroughly for the battle of life. "There are two roads before every person," said Dr. Bromley. He then went on to deplore the hot-headedness of youth which causes him to yield to sudden impulses, and rush headlong in affairs, heedless of all advice. "If our foresight were only as good as our hindsight," said he, "how much better off we would be."

"The preachers must preach plain," declared the evangelist. "Lots of people want the preachers to preach to please them." He said that if they would do that they would become very popular with their church members. "But we need to be popular with Jesus Christ," he said.

The importance of the little things in life was shown. Dr. Bromley took for his example the battle of Waterloo, when a little cloud altered the entire map of Europe.

Upon the subject of over-education the evangelist remarked scathingly "that some people were educated fools."

In conclusion Dr. Bromley asked those who did not feel right to come forward and give their hearts to God. It was then that the High School students started the "ball a-rolling." Singly in pairs, and even in bunches they came forward and Dr. Bromley and his assistants had the pleasure of seeing one of the largest crowds of trail-hitters since the campaign has started. The students were urged to come again and judging from the enthusiasm with which Dr. Bromley's message was received there will be another High school night in the near future.

There were more than a hundred trail hitters at the tabernacle last night and of that number were quite a few high school boys and girls.

The Sunday school sessions will be held as usual tomorrow morning and only the church services will be dispensed with.

There were forty-three teachers present at the teachers' Bible class yesterday afternoon taught by Miss Fetterolf. This is growing weekly and a regular course of Bible study is being followed.

On Tuesday afternoon there will be a meeting for the High school girls.

Yesterday afternoon's service at the tabernacle was well attended in spite of the inclemency of the weather and Rev. S. B. Golf preached a strong sermon to those present. This was followed by the Bible study class after which the Booster Chorus rehearsed.

Next Friday night is patriotic night at the tabernacle and the different patriotic organizations are being invited to attend in a body and it is likely that the high school students will attend this meeting also, in a body. On account of the inclemency of the weather last night, their had been expected.

Tuesday night, May 8, will be Grange night at the Bromley tabernacle. Big preparations are being made for a great service. All of the Granges of the county have been invited to attend in a body. Jacksonville and Thornport Granges are arranging for large delegations. Notify the committee by Tuesday morning about how many in each delegation. Rev. Don D. Tuillis, a member of Jacksonville Grange, is chairman of the committee.

There will be no church services in churches co-operating in the Bromley campaign tomorrow. There will, however, be the regular Sunday school services in all of the churches.

BROMLEY TABERNACLE ANNOUNCEMENTS.

Saturday, 6:55 P. M.—Street meeting on the square. 7:30 P. M.—Services at the tabernacle. The Booster Chorus will sing.

Sunday, 10:30 A. M.—Preaching services at the tabernacle. The different co-

operating churches will be closed, for the entire day.

2:00 P. M.—Lecture on "Boys, Boozie and the Water Wagon" at the tabernacle to a mixed audience. 7:30 P. M.—Services at the tabernacle.

6:15 P. M.—Miss Fetterolf will address the young people in the Central Church of Christ. She will speak on the Second Coming of Christ.

**COUSIN OF NEWARK WOMAN
KILLED IN AUTO ACCIDENT**

Justice D. M. Jones and Mrs. Jones went to Columbus this morning to attend the funeral services of the late Frank A. Hutchinson, who was instantly killed in an automobile accident, near Columbus last Wednesday night. The deceased was a cousin of Mrs. D. M. Jones and Mrs. L. N. Evans of this city. Mr. and Mrs. Jones will remain in Columbus over Sunday, visiting friends and relatives.

**BOTTLE PLANT MEN
ADD 600 MEMBERS
TO THE RED CROSS**

The appeal for the Red Cross has struck a responsive cord among Newark people, especially at the manufacturing plants where for the past few days, a corps of young women have been kept busy enrolling the employees of the plant.

At the Wehrle company a large membership has been secured and an unofficial report from the American Bottle company showed an enrollment of over 600 up to last night with the campaign not nearly finished.

The industrial plants campaign report has not been filed at headquarters yet, and without these the files show a gain of 39 members yesterday, when the total stood at 342, making a total membership today of 381.

An Associated Press dispatch from Washington this morning says the Red Cross announced today that its number of chapters has tripled in the past year and doubled in the past three months, making the present chapter roll 562 compared with 272 at the first of the year.

The Zanesville chapter of the Red Cross had a tag day recently and by that method raised over \$1,000.

**M'NAMAR LEAVES
FOR SCHOOL; ENTERS
ANNAPOLIS SOON**

Albert McNamar, son of Julius McNamar of West Locust street, will leave this evening for Union Bridge, Md., to enter preparatory military school. McNamar received an appointment yesterday from Congressman W. A. Ashbrook to take the examination for entrance to the Annapolis Naval Academy.

He will enter the preparatory school in Maryland Monday where he will remain until time for the Annapolis examination June 27.

**RABBITS DESTROY
PROMISING GARDEN**

Mr. and Mrs. Col. Billy Hohi of Hudson avenue will be compelled to start a new garden after having raised vegetables which were in a flourishing condition and would have soon been ready for the table. Col. Hohi was very proud of his garden and had invited a number of his brother Elks down to his back yard to explain his system. He arose early a couple of mornings ago anticipating much pleasure in working in his garden plot. He stepped out onto the back porch and was greatly astonished to find that his garden was nil. He examined a few remaining sprouts above the ground and discovered that something or someone had nibbled off all the tops. The mystery was explained a short time later when he found five lively rabbits in this garden enjoying themselves to their hearts content. The owner was notified and the bunnies have since gone to rabbit heaven.

**WILL ASK FAIR BOARD
TO ASSIST IN PLAN
OF FOOD PRODUCTION**

A proposition will be placed before the Licking County Agricultural society directors at their next meeting, asking that body to assist in the Licking county defense plan in food production and to interest high school students in gardening.

The plan will be to have the local fair association plow, fertilize and fit for planting and furnish horse cultivation for a tract of land centrally located on the fair grounds. The tract would be divided into one-half acre lots, which would be planted and cultivated under instruction to be given by the superintendent of the ground, one-half of each lot to be planted in crops that will mature during our county fair, which will be held Sept. 11, 12, 13 and 14. The balance of each lot would be planted in such crops as the student would see fit.

All produce would be the property of the planter and would be eligible for regular prize, offered by the fair association, if exhibited.

BAKERY PLANT BURNS.
(Associated Press Telegram)
Toledo, Ohio, May 5.—The plant of the General Baking Company was destroyed by fire today. The loss is \$150,000. The company's output was 40,000 loaves daily. The fire will cause a temporary bread shortage.

**NEWARK WOMEN
NAMED OFFICERS
AT UTICA MEETING**

The concluding session of the forty-third meeting of the Women's and Young People's societies of the Zanesville Presbytery was held in the Presbyterian church at Utica Friday.

There were a large number of delegates and church members present, and the interesting program arranged was given without change. On Friday afternoon, the officers for the coming year were elected and installed. The following will go into office: President, Mrs. William Kellenberger of Croton; recording secretary, Mrs. A. H. **POLICE ARREST
MAN ON CAR FOR
FATAL SHOOTING**

Police Chief James Sheridan, assisted by Captain Charles Hager and Patrolmen William Hinger and John Jones, arrested Lawrence Lotter, 21, last night at 10:45 o'clock, who was wanted by the Columbus police for shooting Jason Montgomery late yesterday afternoon during a quarrel back of a saloon located at 349 1-2 East Main street in Columbus. Montgomery is at St. Francis hospital with three bullets in his abdomen and cannot live.

The men are negroes and last night at the city prison Lotter confessed to Chief Sheridan and officers present that he committed the crime. He stated that there were a number of them congregated at Sullivan's saloon in East Main street when a controversy arose and Montgomery accused him of being intimate with the wife of Lem Smith, one of the men present. He left went out and purchased a gun for \$4 and coming back shot Montgomery.

After the shooting he wandered around the city and at 9:30 o'clock last evening went to the trestle at the outskirts of Columbus and caught an Ohio Electric interurban car for this city. The conductor had been warned to look out for the colored gun shooter and he recognized the man. He informed the train dispatcher in this city and the latter called on Chief Sheridan. The arrest followed at the corner of Union and West Main streets. Officer Newlan of Columbus returned him to that city today. His victim can live but a short time.

**METHODIST MEETING
IN HEBRON MAY 10**

The commission on finance of the Methodist Episcopal church will hold sessions afternoon and evening at Hebron on Thursday, May 10th. The commission will be represented by Dr. E. E. Count of New York City, and Dr. B. S. Holopeter of Kokomo, Indiana. Dr. Herbert Scott of Zanesville and Rev. B. F. Crawford of Pataskala will be the district speakers. Like meetings will be held at Crooksville and Zanesville. Sessions will be at 2 p. m. and 7 p. m. A cordial invitation is extended to all who are interested in putting the churches on a basis of business efficiency in their methods. Campaigns like this are being held in every district throughout Methodism. These meetings are under the charge of Dr. Franklin McElfresh, district superintendent.

Y. M. C. A. Notes

From this date the Association building will close at 9 o'clock each night except Saturdays when closing hour will be 9:30.

The members of the Association are urged by the Secretary to attend the Bromley meetings as much as possible.
